

# How to Create an Overlay With Several Input Fields in the Template Editor

To create a template with two input fields using the Template Editor, follow these instructions:

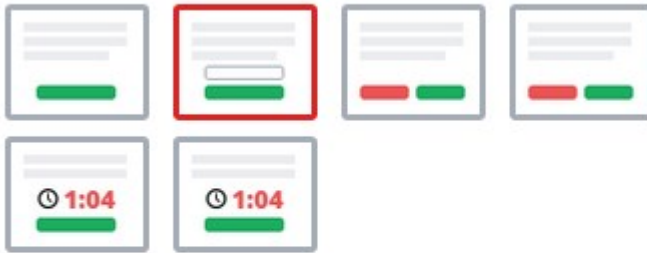

1. Login to your Picreel account.
2. Under the *Templates* category on the left side of the dashboard, click on the *Template Editor*. Choose "1 button + email" template.
3. In your Html text, paste the line  above  . A preview of what the template looks like is shown at the top of the html code.
4. Change the name, placeholder, and type according to your needs (e.g. name, place your name here, text). You can see an example below.

```
1 <link href="//fonts.googleapis.com/css?family=Open+Sans:300italic,400italic,600italic,700italic,800italic,400,300,600,700" data-em="modal-container" class="container">
2 <div data-em="modal-container" class="container">
3   
4
5   <div data-em="text-line-1">Wait, we have a special offer.</div>
6   <div data-em="text-line-2">Enter your email and get 15% off!</div>
7   <input name="name" placeholder="Enter Your Name Here" type="text" required="required">
8   <input name="email" placeholder="Enter Email Address Here" type="email" required="required">
9   <button data-em="button" type="submit" class="submit btn-og-color" id="submit-button">GET MY 15% OFF NOW</button>
10  <div data-em="modal-close-link" class="close close-link" id="close-link">No, thanks. I would rather pay a full price.</div>
11 </div>
12
```

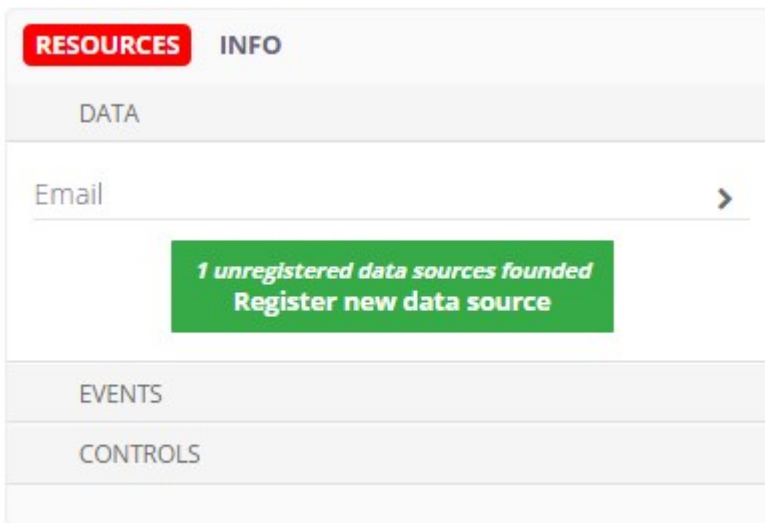

5. On the right side of your screen click Data. A green box should identify that there is one unregistered data source. Click on the box.

Choose Template

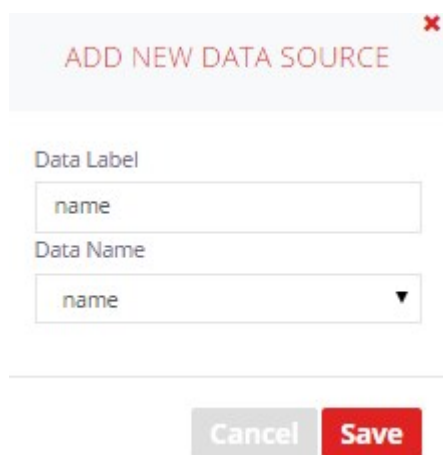

Background Color:

Button Color:

6. Add new data source window appears. There, write how do you want to label the information in the Data label and Data name fields. See the example below.

7. Click the Save Template button to save your template and refresh the preview.

Now the popup will collect two types of data; names and emails in this example. You can find this data from your dashboard by clicking the Leads category on the left side of your screen.
