

# How to Create Popups That Collect Phone Numbers

To create a template that collects phone numbers instead of emails using the Template Editor, follow these instructions:

1. In the Template Editor, choose a template that collects emails.
2. Change the html code according to your needs. In addition, in your html text, replace the line  with the line  as you can see on the example below.

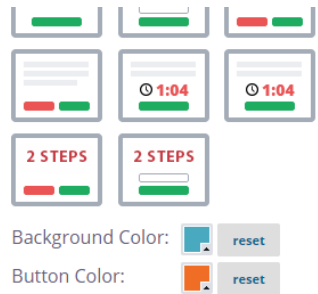

```
3 <img data-em='logo' src='https://system.picreel.com/img/your-logo-here.png'>
4
5 <div data-em='text-line-1'>Wait, we have a special offer</div>
6 <div data-em='text-line-2'>Enter your phone and get 15% off!!</div>
7 <input name='phone' placeholder='Enter Your Phone Here' type='text' required='required'>
8 <button data-em='button' type='submit' class='submit btn bg-color' id='submit-button'>GET
9 <div data-em='modal-close-link' class='close close-link' id='close-link'>No, thanks. I wo
10 iv>
```

3. On the right side of your screen click *Data*. A green box should identify that there is one unregistered data source. Click on the box.

4. *Add new data source* window appears. There, write how do you want to label the information in the *Data label*, and choose *Phone* for the *Data Name* field. It should look like the example below.

```
3 <img data-em='logo' src='https://system.picreel.com/img/your-logo-here.png'>
4
5 <div data-em='text-line-1'>Wait, we have a special offer</div>
6 <div data-em='text-line-2'>Enter your phone and get 15% off!</div>
7 <input name='phone' placeholder='Enter Your Phone Here' type='text' required='required'>
8 <button data-em='button' type='submit' class='submit btn bg-color' id='submit-button'>GET
9 <div data-em='modal-close-link' class='close close-link' id='close-link'>No, thanks. I wo
10 iv>
```
