

How to Create an Overlay With Several Input Fields in the Overlay Editor

If you want to create an overlay with several input fields, please, follow these steps:

1. Click on the *Campaigns* category on the left side of your screen.
2. Click the *Add Campaign* button at the top.
3. Choose any overlay type and edit it accordingly.

You may add additional email, name, and phone fields by choosing options in the area below the color pickers.
