

How to Use Custom Fonts to Edit Your Overlays in the Upload Design

You may use any custom font to edit your overlays.

Make sure you have a WOFF or TTF format file with your font.

Follow next steps:

1. Open Design settings and find Custom Fonts field.
2. Click the Upload button. Choose your font file and upload it. Wait for a few seconds to get your file uploaded.
3. Enter font name in Font family field. Without brakes. Space allowed.

You can customize weight and style:

Types of weight:

Light 300

Regular 400

Book 500

Medium 600

Bold 700

Semibold 800

Extrabold 900

Types of Styles:

Italic

Normal

Bold

4. Click Generate @fontface button. Generated code will appear at the top of CSS tab.

5. To apply downloaded Font, you need to copy font-family property: 'Your Font Name' and add it to the properties of elements it should be implemented with.
