

How to Integrate Picreel with Magento

To integrate Picreel with Magento, follow these steps:

1. Login into your Magento admin section.
2. Click the *System* tab across the top of your page.
3. Select *Configuration*.

4. Click *Design* on the left menu.
5. Select *Footer* and paste Picreel code in the *Miscellaneous HTML* field.

Current Configuration Scope:
Default Config 
[Manage Stores](#)

Miscellaneous HTML [STORE VIEW]
<script src="//assets.pcr1.co/js/jstracker.min.js">
</script>

▲ This will be displayed just before body closing tag.

Your Picreel code can be found by logging into your account and clicking on the *Campaigns* section. Just click *View code* and you will see a snippet similar to this:

```
<script src="//assets.pcr1.co/js/jstracker.min.js"></script>
```

6. Don't forget to click **Save** at the top, when you are done with pasting the code.
